WORKFIT™

Designed to offer advanced ergonomics out-of-the box, the WorkFit-TX Standing Desk Converter serves up a full 20" (50,8 cm) range of sit-stand motion to give you more flexibility and feel-goodness. The X-shaped lift folds down within inches of your desk for a sleek resting spot that's three inches below our competitors. It fits more users with an extremely low profile that keeps the right monitor to keyboard tray spacing. With a height-adjustable, back tilt keyboard that sits below the worksurface, this ultra-low sit-stand workstation offers the best of both worlds—leading ergonomics sitting and standing.
